17 A draft order is Subd. for consideration.

18 It is now proposed to grant halting allowances to non-official members attending Committee meetings on the basis of the class to which the Committee belong. According to this Some more Committees have to be added on to the list E.g. The Finance & Taxation Committee. The members of this Committee are at present paid according as they are members of the R.A or L.C. This committee has not been specificially brought under any of the lists now.

19 The Extra cost that would result by the changes now contemplated in allowing halting allowance to Committees mentioned in list C is not also known.

2. I understand that Such allces are not granted in madras

3 In any case as can be seen from the file below× the logical extension of this would be the claim from members of Dist Boards &c for sitting fees and we could not perhaps resist their claim when a similar facility is allowed to Government Bodies. This would mean the spending of a large amount of money which would otherwise, in the case of these local self Govt bodies, be available for ~~other~~ works expdre on grant of Travelling Allowance

2 The recommendations made by the Committee regarding the extra demands were incorporated in the Schedule of Additional and Supplementary Demands for the current year presented to the Legislative Council.

3 The Committee have recommended that a portion of the pay of Mr.Krumbiegel, Director of Horticulture, whose services are utilized as Architect, may be transferred to the appropriate head. This recommendation will be referred to the Administrative Department concerned.

4 The opinion of the Committee was invited on the question of Travelling Allowance to non-official members of the Standing and Ad Hoc Committees. After a full discussion on the subject the members of the Committee present, viz, Messrs. H.C. Dasappa, Hanumanthe Gowda, Channabasappa and Vema Reddy unanimously agreed to the opinion detailed below.

" For purposes of regulating travelling allowance to non-officials, there are now three classes of Committees referred to in the Mysore Service Regulations. There is besides a Fourth Scale of rates ~~besides the Representative~~ applicable to the Representative Assembly. The rates of travelling allowance to non-official members attending the several bodies are given in Art. 550, App. P and S.

Such of them as are not members of the Legislative Council ~~and~~ or of the Representative Assembly are at present entitled to the following rates:-

Railway Fare	.. One I Class and one III Class.
Road mileage.	.. 6 annas.

Members of the Representative Assembly and Legislative Council are permitted to draw the rates admissible to them as such. This distinction may be abolished.

xx I have since found that the Malnad Improvement District committees have been reconstituted, and that the non-official members of the said committees are entitled to the following rates of T.A.
Ry fare. Single first class.
Road Mileage. 4 as a mile.
Halting allowance. Rs one. May 0.
There are now 13 gentlemen appointed to these Committees in the districts of Shimoga, Kadur, Hassan & Mysore. These committees meet about twice a year.
Having regard to the personnel of these committees, and to the desirability of securing uniformity in the matter of grant of T.A. to non-official members of all committees, the Finance and Taxation committee recommendation for abolishing Class C may be approved. These members will get the Economic Conference rate hereafter. The residents members will not get any D.A. The extra cost will not exceed a few hundred Rs. a

There is no need for this distinction ~~either~~. All resident members including the members drawn from the R.A. and the L.C. may be treated alike and no sitting fees, allowed to resident members.

" As regards the other bodies, the Commitees recommendation is as follows:-

The ~~first, or~~ L.C. scale of travelling allowances may be allowed to members of the bodies referred to in List A, viz., (1) the Legislative Council, (2) the University Council, (3) the M.C.S. Examination Board, (4) Public Accounts Committee and (5) also to the Members of the Legislative Council who represent that body on the Standing select or Sub Committees excepting the Economic Conference, and the Boards of Education, Agriculture and Industries.

The ~~second or the~~ R.A. rates may be applied only for the sittings of the Representative Assembly proper.

In all other cases, ~~the third or~~ the Economic Conference scale may be applied uniformly to all non-official members of Committees howsoever composed.

" As regards daily allowance to resident members it may, following the existing practice, be allowed only to members attending the Representative Assembly and the Legislative Council and ~~to~~ the Standing Committees of these bodies.

" No daily allowance ~~will be allowed~~ must be given to resident members of the Economic Conference, whatever interest they represent or from whatever bodies they are drawn or to resident -- members of ~~any other~~ bodies other than those referred to in the previous ~~clause~~ para".

5) The arrangement suggested by the Committee does not altogether avoid the grant of ~~difference~~ rates of Travelling Allowances to members of the Legislative Council and the Representative Assembly, who are members of the same Committee, such as Standing committee of the Finance and Taxation Committee. P.S. Khan Bahadur Mahomed Abbas Khan was not present at the -- meeting. Mr. Mallappa also was not present but communicated his opinion by letter. His view is that the rates allowed in British India should be applied here to all Public Bodies except the Assembly and that for local members, daily allowance should be paid. His proposal involves considerable increase of cost. The Committee had the benefit of Mr. Mallappa's views before arriving at the decision above referred to. The Committee's proposal, which aims at securing uniformity of treatment as far as possible, appears to be an improvement on the existing system and may be adopted.

Subject:—

76 Revision of the rates of travelling allowances admissible to non-official members of the Standing and other Committees constituted by Government.

The existing arrangement in regard to the grant of travelling allowances to non-official members of the Economic Conference, Standing Committees and other Bodies constituted by Government, involves certain anomalies and defects. Different members of one and the same Body are entitled to draw different rates of travelling and halting allowances and daily allowance is allowed to resident members representing the Legislative Council or the Representative Assembly only, but not to others.

2. There are three different rates of travelling allowances applicable to non-official members of the Economic Conference. Those members of the Economic Conference who represent the Legislative Council or the Representative Assembly, are entitled to draw travelling allowances at the rates applicable to the parent Body, while those who are on neither of these Bodies are allowed a third scale of rates. There are, besides, no general rules framed for regulating the scale of travelling allowances of gentlemen appointed as members of ad hoc Committees constituted from time to time.

3. The grant of different rates of travelling allowances to the members of the same committee, according as they are or are not members of the Legislative Council or of the Representative Assembly has been felt as an invidious distinction and representations have been received from non-official gentlemen for the grant of travelling allowances on a uniform scale.

4. Under the direction of the Dewan, the question of revision of the Travelling Allowance Rules with a view to avoid

the defects above referred to, was referred to the Finance & Taxation Committee for opinion. That Body considered the subject at its meeting held on the 16th June 1928 and made the following recommendations:-

(1) The Economic Conference being an independent constitutional Body, all its non-official members, from whatever Body they are drawn, and whether by election or by nomination, may be treated alike in regard to travelling allowances and the following rates may be uniformly applied to them for attending meetings of the Conference and its three Boards.

Dailway Allowance	..	Rs 5/
Railway Fare	..	One First Class and One Third Class.
Road Mileage	..	Six annas.

(2) The Legislative Council scale of travelling allowances may, as at present, be allowed to members of the Bodies referred to in list A, Appendix P. to Mysore Service Regulations, viz., (1) the Legislative Council, (2) the University Council, (3) the Mysore Civil Service Examination Board, (4) Public Accounts Committee, and, (5) also to the members of the Legislative Council who represent that Body on the Standing, Select or Sub-Committee excepting the Economic Conference and its three Boards of Education, Agriculture, and Industries & Commerce.

(3) The Representative Assembly rates may be applied only for the sittings of the Representative Assembly proper

(4) In all other cases, the Economic Conference scale may be applied uniformly to all non-official members of Committees howsoever composed.

(5) As regards resident members, daily allowance may be allowed only to members attending the Legislative Council and Representative Assembly and the Select and Sub Committee

25

of these Bodies.

No daily allowance need be given to resident members of the Economic Conference and its three Boards, whatever interest they represent and from whatever Bodies they are drawn, nor to resident members of Bodies other than those referred to in the previous clause.

Hag L.

5. The subject was considered in Council on 12th July 1928 when it was resolved as follows:-

> "The proposals of the Finance & Taxation Committee may be approved. In respect of the Malnad Improvement Committee and other District Committees, the existing scale may continue."

O

6. According to the present rules, the rates of travelling allowances to members of the Malnad Improvement, and District Committees are:-

Railway Fare	..	Single First Class.
Road Mileage	..	Four annas.
Daily Allowance	..	One Rupee.

7. These rates are based on the scale admissible to District Board Members. On grounds of economy, the Council considered it desirable to continue this fourth scale of rates unchanged.

8. The Resolution of the Council may be graciously approved.

I. Schedule of Additional and Supplementary Demands for the year 1927-28.

The demands were all passed after discussion with the following recommendations and remarks noted against a few of them.

Demand.	Committee's recommendations.
No. 1. Land Revenue. Rs 10,000 for extra Process Establishment.	In view of past actuals the year's expenditure is not likely to exceed Rs 7,000 at the outside, and the supplementary grant may well be limited to Rs 3,000 in addition to the Budget provision of Rs 4,000.

85

Demand.	Committee's recommendations.
No.3. Excise. Rs 1,000/- Additional grant for travelling allowances to the District Excise Officer of Bangalore.	The progress of expenditure during the year does not justify an additional grant of more than Rs 500/-. This addition may be allowed.
No.16.(27).Agriculture. Rs 5,690/- to meet the pay of Mr.G.H.Krumbiegel as Director of Horticulture.	The Committee understands that Mr.Krumbiegel's services are utilised as Architect and is of opinion that a portion of his pay may be transferred to the appropriate head.
No. 24. Interest Refunds.	The demand for writing off the amount due from Mr.K. Rangiengar may be reduced by Rs 200/- .

II. Rates of Travelling Allowance to non-official members of Standing and Ad Hoc Committees:-

This proposition deferred from last meeting was next taken up for consideration. A note on the subject had been previously circulated among the members. Mr. Mallappa who expressed his inability to attend the meeting, communicated his views on the subject in a letter addressed to the Chairman (Vide Annexure A). This was read out at the meeting.

After a full discussion of the subject the following views were unanimously arrived at by the members present:-

For purposes of regulating travelling allowances to non-officials, there are now three classes of Committees referred to in the Mysore Service Regulations, besides there is a fourth Scale of rates applicable the Representative Assembly. The rates of travelling allowances to non-official members attending the several bodies are given in Art.250, Appendix 'P' and App.'S'.

There ~~are now~~ 4 scales of travelling allowances are as under:-

	Daily Allce. Batta.	Railway fare.	Road Mileage.
(1) Legislative Council Scale.	Rs 7/8/0	1½ First Class.	8 annas.
(2) Representative Assembly scale.	Rs 5/-	1 Second and 1 third.	Rs 5 for 15 miles.
(3) Economic Conference scale.	Rs 5/-	1 First and 1 Third.	6 annas.
(4) ~~Last~~ Scale for Committees included under list (c) of Appendix P.	Nil.	1 First class	4 annas.

The Committee understands that the Bodies for which the fourth scale was provided no longer exist and is of opinion that this scale may be abolished.

The Economic Conference is an independent constitutional body and all its non-official members, from whatever Body they ~~have~~ are ~~been~~ drawn ~~from~~, and whether by election or ~~by~~ nomination, may be treated alike in regard to Travelling Allowances. Such of ~~them~~ Members as are not members of the Legislative Council ~~and~~ or the Representative Assembly are at present entitled to the following rates:-

Daily allowance.	...	Rs 5/-
Railway fare.	...	One I Class and one III Class.
Road mileage.	...	Six annas.

Members of the Representative Assembly and Legislative Council are permitted to draw the rates admissible to them as such. This distinction may be abolished.

~~The~~ Daily allowance is now not given ~~allowed~~ to resident members other than members representing the R.A. and the L.C. There is no need for this distinction ~~either~~. All resident members including the members drawn from the R.A. and the L.C., may be treated alike and no sitting fees allowed to resident members.

The latter alone are entitled to Mileage.

As regards the other Bodies, the Committee's recommendation is as follows:-

The ~~first, or~~ L.C. scale of travelling allowances may be allowed to members of the Bodies referred to in List A, viz., (1) the Legislative Council, (2) the University Council (3) the M.C.S.

(3) M.C.S. Examination Board, (4) the Public Accounts Committee; and (5) also to the Members of the Legislative Council who represent that body on the Standing, Select or Sub Committees ~~excepting~~ those of the Economic Conference, and the Boards of Education, Agriculture and Industries.

The ~~Second or~~ the R.A. rates may be applied only for the sittings of the Representative Assembly proper.

In all other cases, ~~the third or~~ the Economic Conference scale may be applied uniformly to all non-official members of Committees, howsoever composed.

As regards daily allowance to resident members it may, following the existing practice, be allowed only to members attending the Representative Assembly and the Legislative Council and ~~to~~ the Standing Committees, Sub Committees or Select Committees of these bodies.

No daily allowance ~~will be allowed~~ must be given to resident members of the Economic Conference, whatever interest they represent or from whatever bodies they are drawn or to resident members of ~~any other~~ bodies other than those referred to in the previous ~~clause~~ para.

The Committee is aware that the above arrangement does not altogether avoid the grant of different rates of travelling allowances to members of the Legislative Council and the Representative Assembly who are members of the same committee. Unless the scales of allowances for the Legislative Council and the Representative Assembly are made uniform, it is not considered possible to remove this distinction. However, the proposal now made appears to the committee to be an improvement on the existing system.

At this stage, the Committee adjourned sine die.

Dear sir,

As I find it inconvenient to attend tomorrow's Finance Committee meeting I beg to tender my opinion with regard to the matter of T. A. to Boards & committee members. I went through the paper circulated in this matter. It is now sought to reduce the T.A. of the Council representatives in order to equalise the T.A. of all members whether they represent R.A. or L.C. on Boards and Committees. I quite see the justification of giving T.A. to all the members at one and the same rate. I also agree that it should not be a source of income to the members. But on no account it should be less than the amount that one has to spend ordinarily for his comforts when he is outside his headquarter. I find the rate now allowed to members of L.C. does not cover all the out of pocket expences. In the Modern Hotel the charge for room and Boarding is no less than Rs 7½ a day. If the member is to command the comfort of a conveyance in the city of distances he will have to spend something like five to six rupees. For attending to his conveniences the member will have to bring with him a servant. What of his expences? For all these conveniences surely he must not be made to pay from his pocket. The members who often go to Bangalore or Mysore to attend public work if they do not spend liberally for these comforts they will have to suffer in health. So by no means the Government should grudge to meet the expences of these comforts. The rate

no expenses are more to those who take cooks with them.

& also for lodging

now allowed to L.C. does not cover the expences of ordinary comforts. When this is the case it should not be reduced as it is now contemplated. In British India in consideration of the cost of maintanance of dignity and comforts of the members they have fixed the rates. Whatever rate is allowed in British India must be paid here for all public bodies except the Assembly which is a large body. For the local members the daily allowences may be paid. I trust you will be pleased to place this suggestion before the Committee.

Yours faithfully,

D S Mallappa
